Vol. I, No. 9.

January 6, 1943.

NEWSLETTER

"Our task is immense. We have to turn shacks into houses; we have to turn barren arteries of traffic into parkways; we have to return wastelands, cut-over lands, eroded lands into grass covered fields or forest covered slopes... We have to take our socially eroded lands...and turn them into productive communities."
-- Lewis Mumford.

LIBRARY HOURS

8:30 a. m. to 6:00 p. m., daily except Sundays and
holidays observed by the Public Library.

PERIODICALS

The following periodicals are received by the Fort Worth Branch Library and will be circulated regularly to those asking for them. You may check and return this list or write a letter or memorandum requesting that your name be added to the routing list for any periodical.

Our practice is to attach to the magazine a routing slip with the names and addresses of several people to whom that magazine is to be sent. The first person who receives it may keep it for three days and send it on to the next person on the list. Please place the date and your initials beside your name before passing it on. If a person is out of town and wishes to see the magazine later, we ask that his secretary write "Return later" by his name and send the magazine on. As there are so many people who wish to see each magazine, it is necessary that they do not lie on someone's desk while he or she is out of town. At best, a magazine is rather out of date before it makes the rounds!

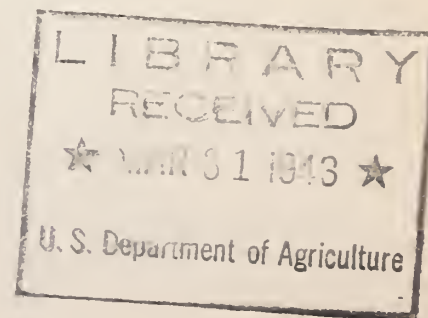

If you have already requested that your name be placed on the circulation list for any of these magazines, please do not request it again, for we are keeping our former lists. If you no longer wish to see a magazine you are now receiving, please let us know.

Agricultural economics and rural sociology. (Bibliography) Monthly.
Agricultural engineering. Monthly.
Agricultural engineering. (Bibliography) Monthly.
Agricultural leaders' digest. 8 numbers.
Agricultural situation. Monthly.
Agriculture in the Americas. Monthly.
American economic review. Quarterly.
